LETTER OF CONFIRMATION

We hereby inform, that since 2007, AIUT Ltd., Gliwice, ul. Wyczółkowskiego 113, Poland, has been a supplier of smart gas metering systems for Polish Gas Company. Till now, in total, AIUT has delivered over 53.000 smart gas meters to our regional branches, in that particularly 48.000 pcs between 2011 – 2015.

The implemented system is using GPRS/SMS or combination of RF and GPS/SMS to provide daily meter readouts or remote cut-off valve with prepaid option. As a part of the projects, AIUT commissioned: data collection system, assets management solution to facilitate installation process and smart meters handling. AIUT system has been integrated with existing software management systems (e.g. ERP, billing) in the organization.

We confirm that products delivered AIUT Ltd. met requirements and highest quality standards. PSG recommends AIUT as outstanding and reliable business partner.

With kind regards,
